ELECT THREE LOCAL CHAMPIONS WHO WILL FIGHT FOR HILTON!

Voters across Hilton go to the polls on June 15th to elect three District Councillors for the area.

The election was delayed from May due to sad death of Conservative Councillor Gillian Lemon.

This election cannot change the Government or even the Council - but it does give you the chance to elect three local champions who will fight for Hilton on the Council.

Lib Dems Grahame Andrew, Jayne Davies and Tilo Scheel all live locally. They will be hardworking local councillors for our area.

For too long the other parties have taken our area for granted. **It's time for a change.**

All indications are that the result in May would have been a close fight between the Lib Dems and the Conservatives. Labour are out of the race. **Make sure your vote counts!**

Grahame Andrew, Jayne Davies and Tilo Scheel will be local champions who will fight for Hilton. For too long our area has been taken for granted!

Grahame Andrew has lived in Hilton for over 25 years. He has been a parish councillor for the past two years. He believes our area needs more investment in local services after all the expansion in recent years.

Jayne Davies worked for most of her career as a midwife in the NHS. She now devotes much of her time to Hilton Youth Group. She has lived in Hilton for over 14 years and is committed to developing young people.

Tilo Scheel works as a NHS GP and has lived in Hilton for 5 years. He has a young child at Mease Academy. Like many local residents he is concerned to see new developments without the local facilities to go with them.

Fighting for better local services

Lib Dems such as Jayne Davies are calling for more improvements to local leisure and other services to accompany any new development.

Hilton and the surrounding areas continue to grow with more and more housing going up all the time.

Many are concerned that local services have not kept up with the pace of all this development.

Our local GP surgery is near capacity and many people tell us they struggle to get appointments. People have to travel to surrounding areas for leisure facilities that are often overcrowded. Hilton

has grown to the size of a small town - yet small villages have better bus services than we do.

Local Lib Dems say enough is enough.

The previous Conservative Council let our area down by allowing all this building without the necessary infrastructure.

As your local Lib Dem councillors we will insist that any new development should have the necessary improvements to services alongside it.

Local Liberal Democrats - Putting Hilton First!

Send the Conservatives a message they cannot ignore...

The Conservative Government has lost its way. Our NHS is in crisis. People are facing record waits for hospital and GP appointments.

More and more people are finding it hard to make ends meet. Inflation and taxes are at the highest levels for decades. Liz

Truss' disastrous budget crashed our economy overnight and people have seen huge mortgage hikes as a result. On top of that we have seen a return to Tory sleaze last witnessed back in the 1990s.

If the Conservatives win on June 15th it will give them a green light to carry on as they are.

Use your vote in these elections to send the Conservatives a message they cannot ignore. They cannot continue to take our area for granted.

Action needed to improve our roads and pavements

Local Lib Dems are campaigning to get the Conservative run Derbyshire County Council to invest in our roads and pavements.

Many people told us in our recent survey that this should be a local priority. Despite Council Tax going up year after year our roads continue to get worse.

If you know of any roads or pavements that need attention then please let us know!

Lib Dem priorities for Hilton and the surrounding area

Your local Lib Dem Team will be new kind of councillors for Hilton and the surrounding villages.

They all live locally, use local services and know the problems our area faces.

The Lib Dem Team recently conducted a survey of local residents. We believe in listening to local people.

This has helped form our priorities for the local area:

- Pressing for more NHS facilities in Hilton.
- Fighting for more local leisure services.
- Campaigning for better bus services for our villages.
- Increasing recycling for things such as juice cartons.
- Action to tackle anti-social behaviour, litter and dog fouling that blight our area.
- Pressing the County Council to improve our roads and pavements.

Elect three LOCAL champions for Hilton

ANDREW, Grahame

DAVIES, Jayne

SCHEEL, Tilo

Polls are open 7am - 10pm on Thursday 15th June.

Remember to take photo ID with you to the polling station!

It's between the Lib Dems and Conservatives here!
